

Tuesday May 15, 2018

**Dear Parents and Guardians**

**Re: Science Fair**

This serves to inform you that the Science Fair will take place on Wednesday 30<sup>th</sup> May 2018.

Parents are requested to help children with their projects. Participation will be competitive for learners at each grade level. Adjudication of projects will be done on Tuesday 29<sup>th</sup> May 2018. Parents are free to view the projects from 09 00 hours to 10 00 hours on Wednesday 30<sup>th</sup> May 2018.

***Areas of Participation***

The learners could be guided to participate in any one of the following categories:-

**I. Collections:**

- Involves displaying on manila card or card board a group or sample of things of scientific value e.g. insects, types of leaves, roots, rocks.
- State the scientific or economic importance or educational value of the study.
- Suitable for Grades 1 – 4

**II. Experiments**

- This is investigative in nature.
- It should have an aim, materials, methodology and conclusion.
- Diagrams should be included.

- Actual assembly of apparatus is ideal.
- Suitable for grades 5 – 7

**III. Models:**

- This is a product of a child's creation based on a real model in life, e.g. town planning, street lighting system, volcano etc.
- Suitable for all grades.

**IV. Paper Presentation:**

- It is a kind of case study. A child may talk about drug abuse, effects of alcohol, global warming.
- Some newspaper or magazine cut-outs stuck on manila card would help.
- Suitable for Grades 5 – 7

Your assistance will be greatly appreciated.
